EOTec 2000 Ethernet

2E54 Switched Media Converter

Weed Instrument

Fiber Optics

The 2E54 Switched Media Converter Module provides fiber optic conversion to and from wire based Ethernet. The Fiber port operates at 100Mbps and the RJ45 port will auto-negotiate its data rate between 10/100Mbps, Full/Half duplex operation. The 2E54 will automatically learn the addresses of the devices connected to each port (up to 1024) and will buffer and route messages accordingly. Visual (LED) indicators display the status of all ports/links. There is an additional Ethernet port in the module's integrated BUS interconnections. This BUS port provides connection for one additional EOTec 2000 Ethernet Switch or Switched Media Converter Module assisting in forming star or daisy chain network configurations.

SPECIFICATIONS Mechanical: 3.9(99) Mounting: 35mm DIN Rail Weight: < 60z (170g) 0.9(22.5) Inch(mm) 4.5(114) Power Requirements: 7.5Vdc @ 200mA, via the BUS interconnection in combination with any EOTec 2000 power supply module (except 2A50) Ethernet Compliance: IEEE 802.3(U)(X) Compliant, All standard protocols Data Rates RJ45 Port: 10 or 100Mbps (10/100Base-T(X)), Full Duplex, Automatic wiring correction Fiber/BUS Port: 100Mbps (100Base-T(F)X), Full Duplex **Optical Port** Wavelength: 1300nm Connectors: ST compatible (ST is a trademark of AT&T) Fiber Type/Size: Multi-Mode fiber; 50 to 100µ core diameter Dynamic Range: 9dB UL 1604 Status Indicators Class 1. Div. 2 On when proper power is connected Power: Green LED; Port Activity: Green LED; Off when no connection is detected on port On with connection to port established Flashing to indicate activity on port Port Speed (RJ45): Off when data rate is 10Mbps Amber LED; On when data rate is 100Mbps (F -40°C to 85°C Operational Ambient Conditions: 5 to 95% Relative Humidity Non-Condensing Rev. 08/2002 Weed Instrument, P.O.
