

## EX-90072

converter

24-bit Digital I/O with AC/DC

[Click for larger photo](#)

### Key Specifications/Special Features:

- 24 Bits digital I/O lines
- 8255 PPI made 0
- Power requirement: +5v only
- Pin-compatible with Opto-22 I/O module
- Transfer rate max 400KB/sec
- Digital output:  
Logic level 0:0.5V max@24mA  
Logic level 1:2.0V min@15mA.
- Digital input::  
Logic level 0: 0.8V max.  
Logic level 1: 2.0V min.
- Voltage input range:8V - 48V DC.
- Voltage output range:5V/3A
- Switch frequency:52KHz
- Over 80%efficiency
- Thermal shutdown and current limit protection

### Main Export Markets:

- Worldwide
